DEREK PARFIT

qualitatively identical

numerically identical

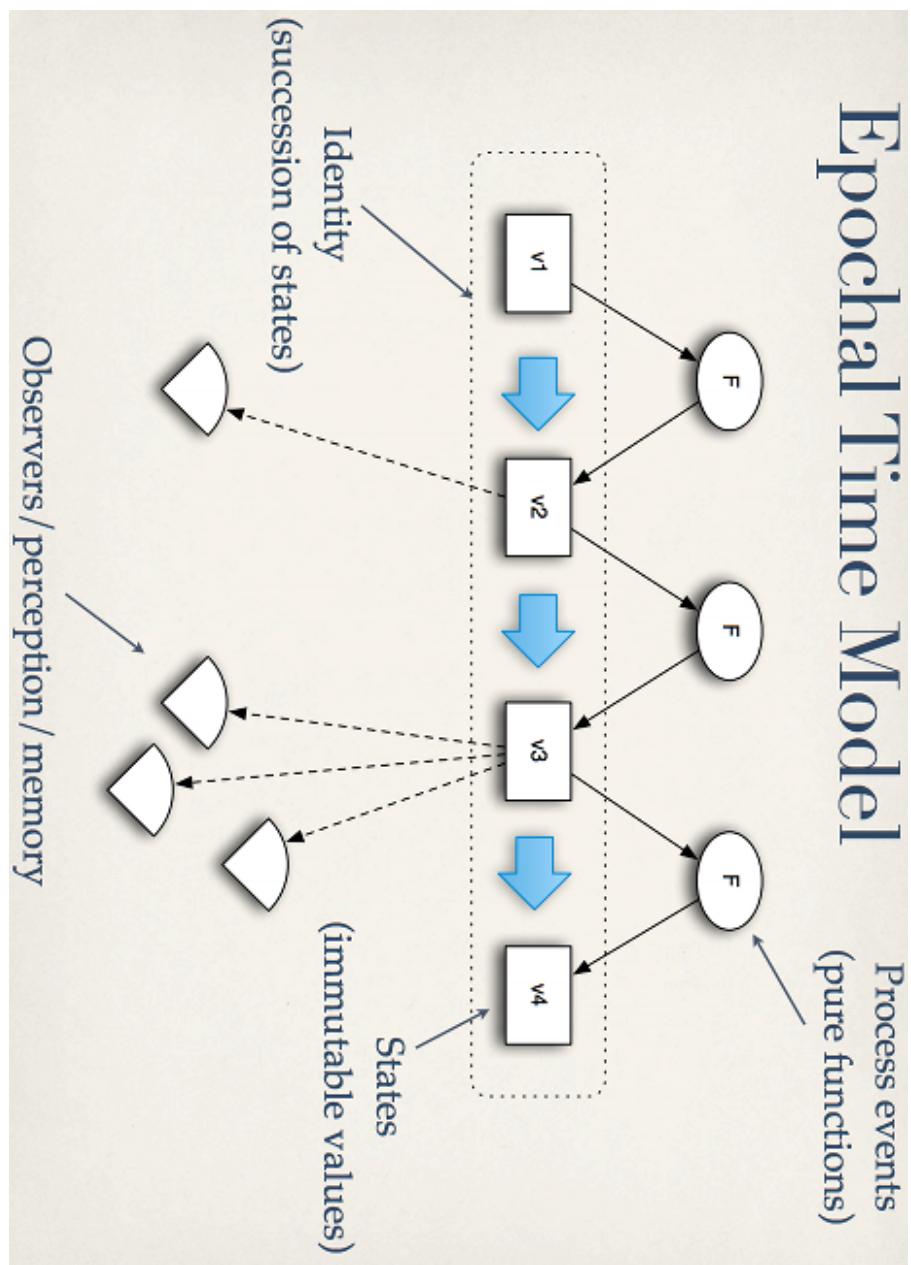

[diagram of three AGs with identity/
snapshot annotations]

Epochal Time Model

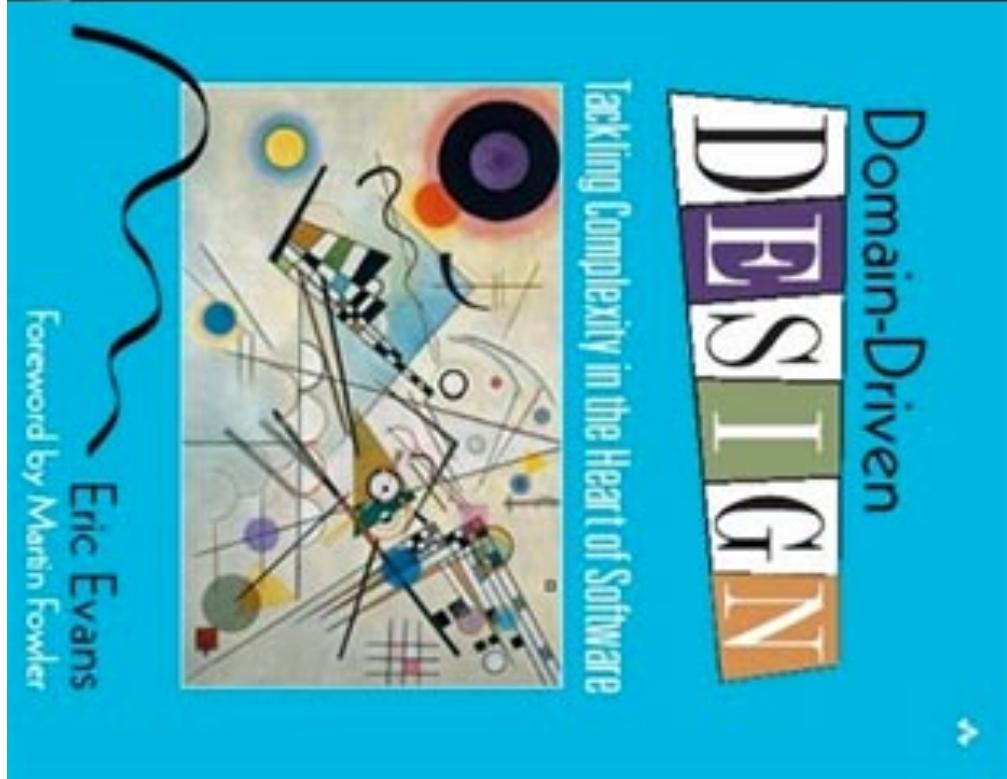

Process events
(pure functions)

numerically identical : qualitatively identical

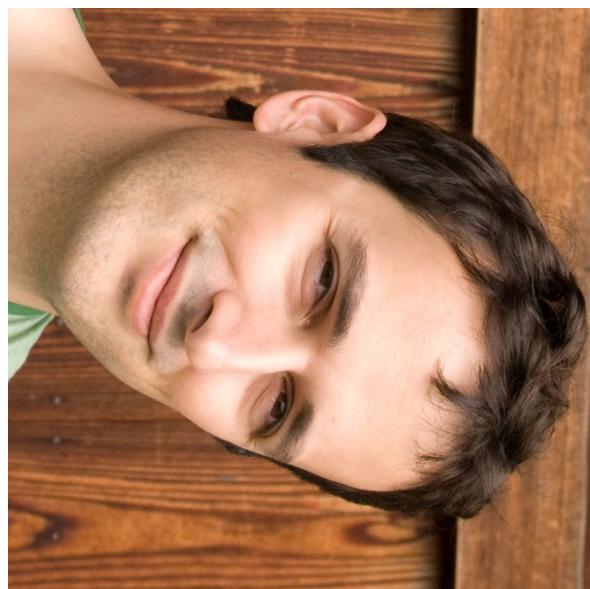

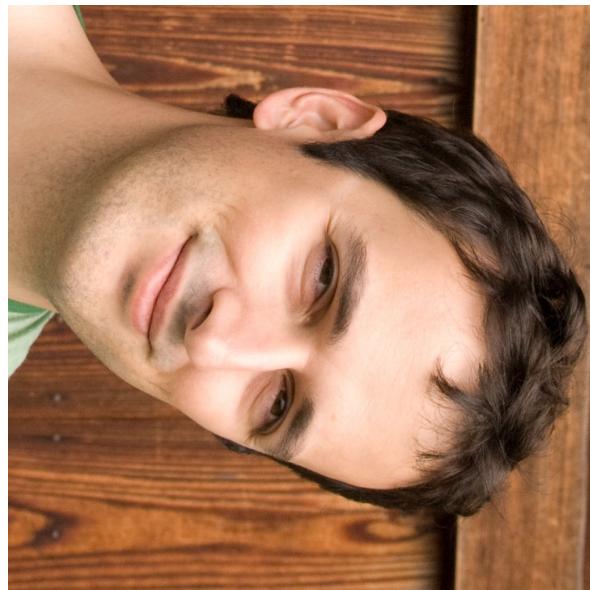

::

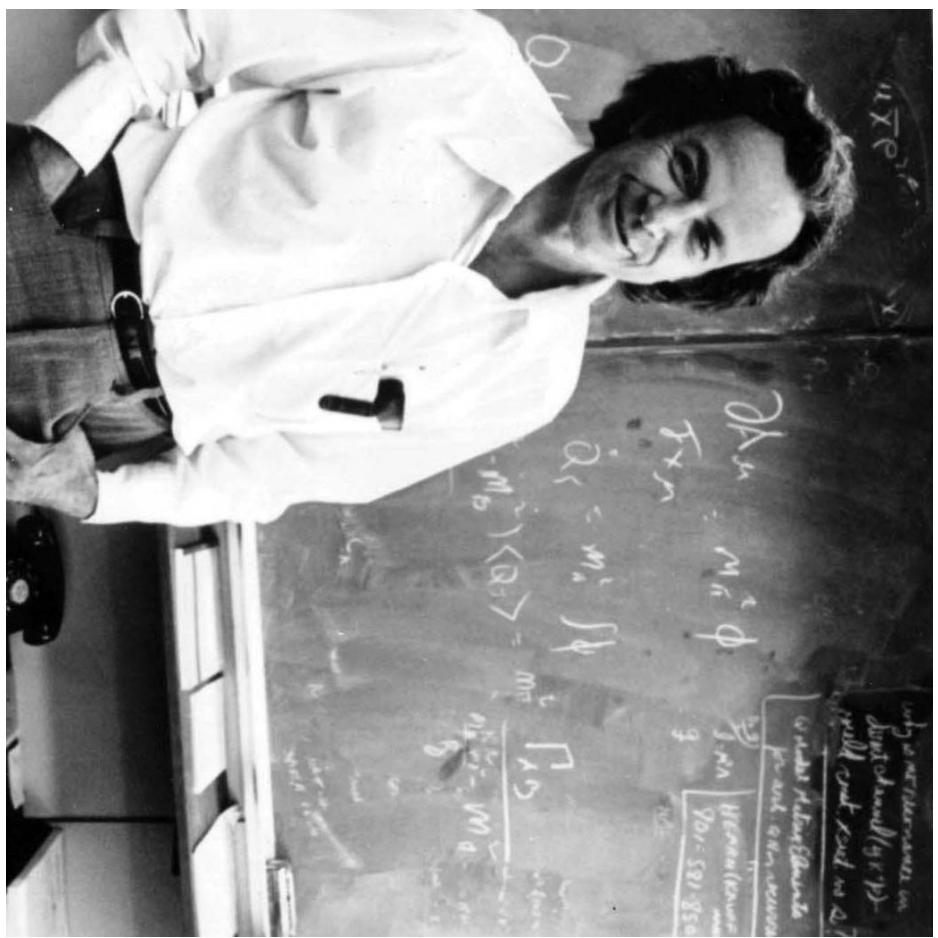

same identity : equal value

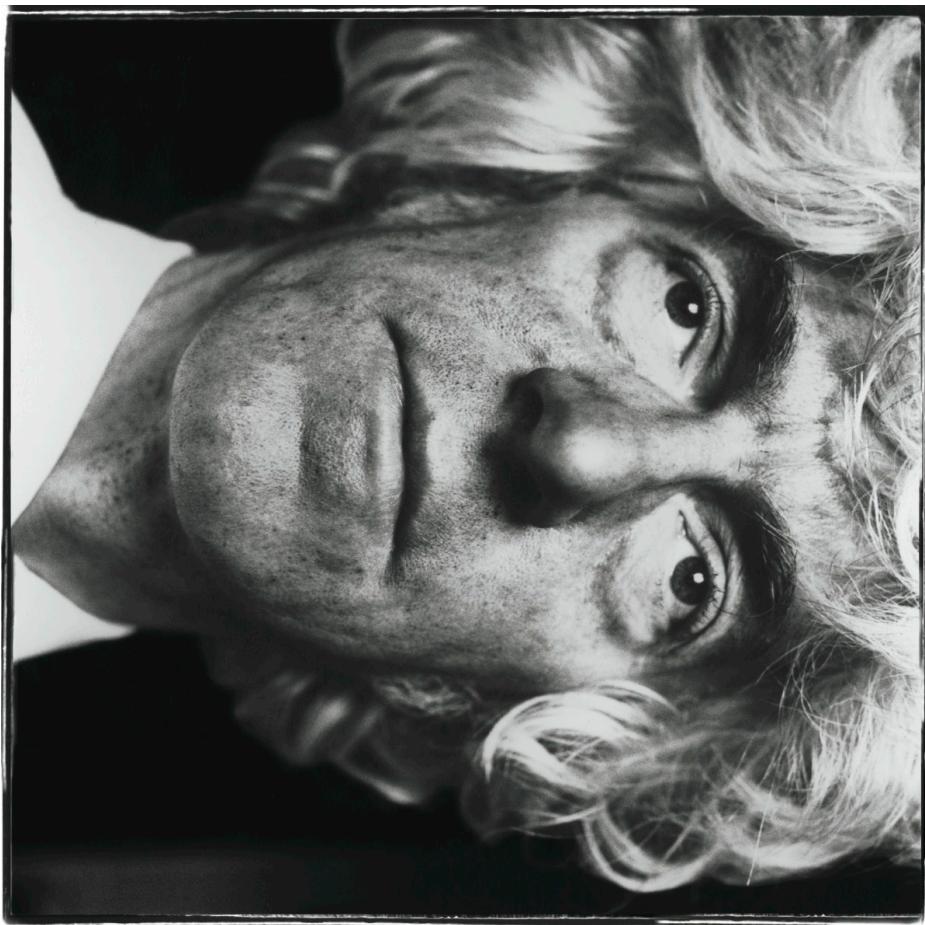

identity

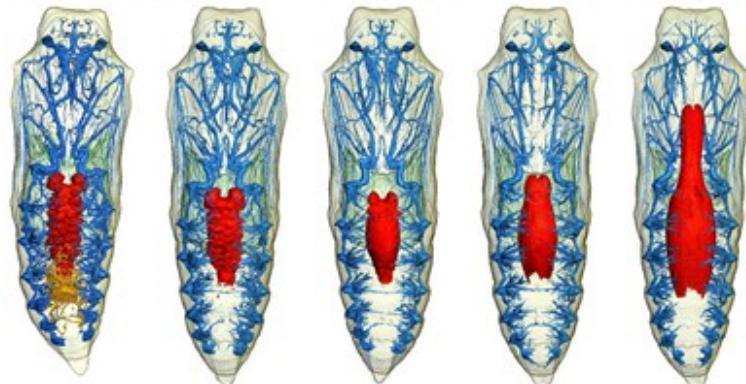

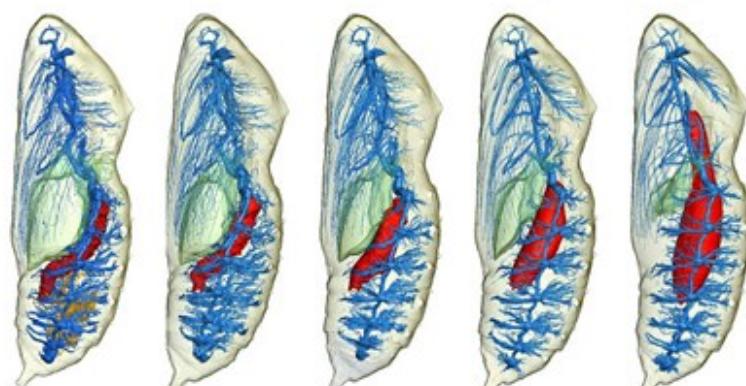

Is change growth?

Is change destruction?

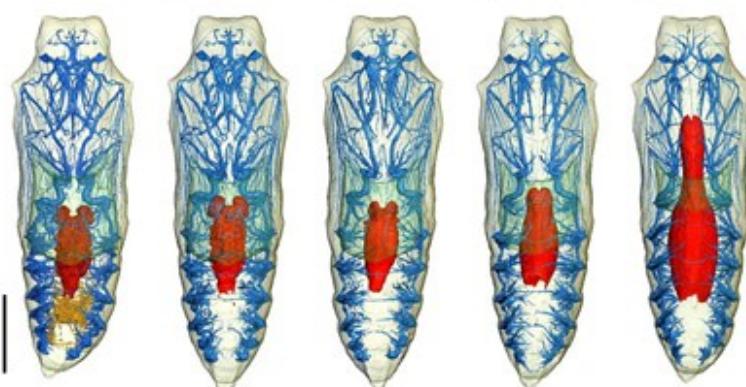

Day Ten Day Four
Day Thirteen Day Seven

Dorsal

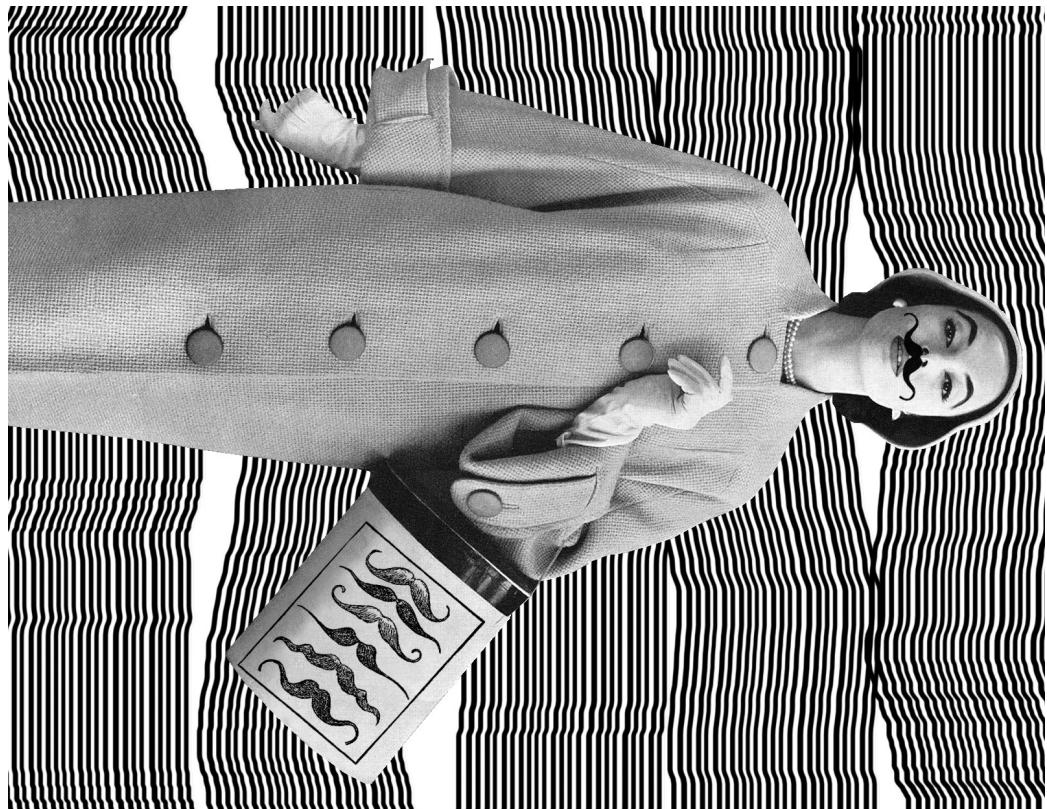

Lateral

Ventral

1. Identity is a hard problem

2. There is a sequence of moments

3. Time is a transporter
